1	anonymous	I have no confidence in the head teacher, instead of helping (finding out about mental health issues) you'll get reported instead.
2	anonymous	I will recommend the school for other parents
3	anonymous	I would recommend stuart road primary
4	anonymous	Lovely atmosphere. Friendly staff.
5	anonymous	Small school. Caring teachers. Lovely teaching environment
6	anonymous	I would recommend the school as it is friendly, supportive and quick to take action on any concerns raised. .
7	anonymous	I have no complaints about Stuart Road Primary, My children love this school.
8	anonymous	Small classes, individualised plans, recognise external factors and Incorporated them into welfare at school.
9	anonymous	Great school and staff. My child loves the school and any issues are dealt with

9	anonymous	straight away.
10	anonymous	Friendly, well run, good opportunities offered to the children.
11	anonymous	They deal with queries promptly and it's great that it is a small school
12	anonymous	I would recommend because the school has a supportive community feel. My children are very happy at the school.
13	anonymous	Great school, great teaching staff.
14	anonymous	Children are happy to go to school, high expectations and good resources for home learning
15	anonymous	I would recommend the school, however I have an increasing concern about the careless parking around the school.
16	anonymous	I would recommend this school as the staff are very dedicated and I get a sense they really know my child. Children are encouraged to achieve their full potential.

17	anonymous	I've seen improvements in the last few years. I'm happy with the staff and how they interact with my children. It is a friendly and safe environment.
18	anonymous	I would
19	anonymous	Change around of teachers is a concern. Extra curricular activities isn't much. A lot of other schools offer a database that you sign into and it has updates weekly of photos of each child and the work they've done with comments.
20	anonymous	No reason not to recommend the school
21	anonymous	my daughter is happy in the school and she is doing fine.
22	anonymous	All the teacher are good , kinds , respect & helpful with pupils and parents in school
23	anonymous	I would recommend this school if your child is well behaved and doesn't need any additional help. I wouldn't recommend this school if your child needs additional help or any behavioural problems as I don't feel certain teachers are trained well enough to deal/cope with this.

24	anonymous	If you like a small school this is perfect, it's small and the teachers know all the students regardless of whether they are in their class or another class. I wouldn't recommend this school if you want lots of outdoor space as there is just two small playgrounds.
25	anonymous	It's a nice little school and majority of students, parents and teachers are friendly. I wouldn't recommend the school if you have a child with SEN as I don't feel the school are equipped to handle them or situations that are stressful.
26	anonymous	I would recommend Stuart road because I find all of the teachers and receptionists extremely professional and friendly my son is thriving at this school and his confidence is getting better as a result. Think it's a great school
27	anonymous	I would recommend the school as my children are always happy and enthusiastic to go to school.
28	anonymous	Child is very happy
29	anonymous	Has a lovely sense of family, friendly staff and my children are happy and succeed.
30	anonymous	I recommend the school to other parents because of it's small size, community feel and the opportunities they provide for my children.
31	anonymous	No. Poor teaching
32	anonymous	I can't compare as I do not have any experience with a child at a different school. However, I like the fact that it is small. All teachers know every child's name and it is simple things like that that are more important to me.
33	anonymous	Small school lots of interaction between teachers and children
34	anonymous	N/A
35	anonymous	Would- friendly staff/ Wouldn't- lack of outdoor space.
36	anonymous	Would recommend as it has a small community feel however, I don't feel that the students get enough p.e or opportunities for different after school clubs like other schools.

14. What do you think would improve Stuart Road Primary further?

1	anonymous	Learn more about mental health illness and how to approach people properly to help them and their child..
2	anonymous	None
3	anonymous	N.A
4	anonymous	Stopping parents parking and stopping on the zig zag or in the middle of the road
5	anonymous	There are still some times where communication could be improved but this has been much better over the last couple of years.
6	anonymous	Nothing I can think of.
7	anonymous	A more varied after school activities option, more outdoor activities using the local park, an overview of what my child will learn each term .
8	anonymous	Climbing frames in playgrounds for children to play.

9	anonymous	Can't think of anything
10	anonymous	Consistent, planned and structured PE lessons. Year 3 rarely get PE at all.
11	anonymous	Less aggressive sounding communication regarding attendance. Made to feel pressured when keeping your child off school for being poorly.
12	anonymous	More Art lessons and a forest school
13	anonymous	PE done during week. More use of IT. Allowed to go to the toilet when really need to during class
14	anonymous	Holiday club provision for working parents
15	anonymous	As above, the careless parking by parents around the school is problematic. I would like to see the parents who repeatedly choose to ignore the parking rules set out around the school held accountable, and a presence of staff around outside the school. I think it is currently unsafe for the children and don't see any changes in place as of yet.

16	anonymous	11 plus tuition - some schools have 11 plus tuition sessions children can access during school hours (paid for by the parents of course).
17	anonymous	Gardening and cooking programs for children. And a bit more preparations for secondary school e.g. subject tests where children actually have to revise a text at home.
18	anonymous	More visits from professionals, eg authors, emergency services, doctors
19	anonymous	Fix the above
20	anonymous	I think things are fine for now.
21	anonymous	Give them more homework , reading & writing.
22	anonymous	Give the teachers proper training on how to handle bad behaviour and how to recognise why that child behaves that way so it can be dealt with properly and appropriately.
23	anonymous	Training teachers in basic SEN so they handle certain situations better.
24	anonymous	Having a teachers give positive feedback as well as negative feedback. It's just as important for us parents to hear our children have been doing great as it is to hear when they have been behaving inappropriately.
25	anonymous	Having started the school mid schooling I feel that there is lack of help. I say this as I do not seem to be able to book parents evening. Having asked previously I still find that I can't do this. I hate to be a hindrance and call up again.
26	anonymous	Better Senco support
27	anonymous	Getting the nursery back
28	anonymous	Can't think of anything right now.
29	anonymous	More homework and books sent home for children to read
30	anonymous	Nothing
31	anonymous	There seems to be different Troyes of communication. I understand that you need more than one format, but somethings come in text, somethings in email, others are in newsletters. It just gets confusina sometimes and things are

		missed.
32	anonymous	Better pick up organisation
33	anonymous	It would be nice if there were teachers in the stairwell in the morning to watch over the children's safety.
34	anonymous	Reception classroom could look more vibrant/fun/appealing to 4/5 year olds. Better quality fun and diverse books. More opportunity to use imagination, be creative, promote kindness and offer plenty of positive feedback. Give children the opportunity to show parents what they've made/ displayed in the classroom. (All relating to reception)
35	anonymous	As above, more sports and different range of after school activities

15. Is there anything about the school that you think we should know?

9	anonymous	A small number of parents continue to park irresponsibly near the school entrance. The 20mph signs and lights are often obscured by parked vehicles.

11	anonymous	No
12	anonymous	No.
13	anonymous	Please if children in class saying bad word can you speak to them and tell their parents as well . Is important for parents to know everything about their kids please.
14	anonymous	Certain teachers have their favourite students and make it known they are and also have their least favourite children who they pick on for everything and don't listen to certain children when they try to talk about a problem they are having.
15	anonymous	Mr Hulcoop-searl, year one teacher, is an amazing teacher. My son loves being in his class and I'm so grateful my little boy got Mr H as his teacher. If all the teachers were like him, the school would be a happier place for a lot of children.
16	anonymous	Regarding the change to parents evening this term, it felt very awkward sitting and waiting within earshot of another parent having their discussion with the teacher in the dining hall.

17	anonymous	We really appreciate the effort that you have put into providing opportunities for Parents to come into the school and share experiences with our children. The reading at breakfast days, parent lunches and parent training sessions have all been great. We know how much work they all involve and wanted to share our thanks. We can also see the effort that's going in to making changes following feedback that's been shared with you - particularly around communication and keeping us informed. Thank you.
18	anonymous	I am happy with my choice of school for my child. This is a lovely school with lovely caring teachers. I would have a lot to say if you were to send a survey out about the education system.
19	anonymous	On a small road, can be dangerous at pick up time due to bad parking. road should be closed at this time
