22	anonymous	I would recommend as a small school, attentive to children needs and inclusive with the community
23	anonymous	I would not and do not recommend anymore. I feel the standard of teaching is dreadful mathematics in particular. Not all teachers even send a child home with a reading book.
		I would recommend stuart road because it's a small family orientated school

24	anonymous	who praise your children for what they are good at and their resilience rather than just concentrating on where they are failing.
25	anonymous	I would recommend the school for its small size, nurturing environment and experienced and professional staff.I feel it is extremely safe and secure. My child has formed good friendships with children from a wide range of backgrounds and this helps with his understanding of society. The classrooms are wonderfully roomy and the building has great character. We love Stuart Road.
26	anonymous	There is a lovely learning environment.
27	anonymous	Because my daughter is happy at Stuart and developing properly as she should.
28	anonymous	Lovely school. Great community feel. Very transparent with communication. Thank you for all your hard work!

30	anonymous	N.A
31	anonymous	Highly recommended as my daughter always happy to go to the school
32	anonymous	I would recommend as my children have a well rounded education and happy children shows that the ethos is good. Also your TA team are amazing!
33	anonymous	Cater to all children

34	anonymous	I have had thorough support throughout darci's time so far at Stuart road, from personal issues to parenting issues and concerns, they have always been very well supportive understanding and kept in good contact to be able to support me and darci at all times.
35	anonymous	Yes, I do recommend this school
36	anonymous	It's a small, nurturing, caring school. Staff always listen to any concerns raised, big or small, and respond quickly. They do their best to communicate effectively with parents
37	anonymous	My son has flourished academically and socially at this school. The teachers are approachable and have a willingness to address any concerns and a will to support academically and socially.
38	anonymous	The support doesn't end at the school and I think that's amazing
39	anonymous	There is a lack of outdoor green space
40	anonymous	My kids are new in the school; however, the feedback from my kids and their enthusiasm towards going back to school everyday gives me joy and will recommend Stuart Road Primary.
41	anonymous	Lot more active, out door
42	anonymous	I feel the outdoor space is not enough and PE and is not varied enough
43	anonymous	No idea how our child is getting on except for parents evening. As year 3 pupil there have been no updates in the newsletter since Mr. Chans departure

40	anonymous	enthusiasm towards going back to school everyday gives me joy and will recommend Stuart Road Primary.
41	anonymous	Lot more active, out door
42	anonymous	I feel the outdoor space is not enough and PE and is not varied enough
43	anonymous	No idea how our child is getting on except for parents evening. As year 3 pupil there have been no updates in the newsletter since Mr. Chans departure
44	anonymous	Lovely feel, long established teachers mixed with new. Great enhanced experiences from the after school clubs and pta
45	anonymous	It is a friendly nurturing school with a diverse range of pupils who make friendships regardless of background. The quality of teaching is excellent and the teachers genuinely care about each pupil. The small year groups help to foster this sense of security for my child.
46	anonymous	Since moving my 3 children over to Stuart Road they have come on in leaps and bounds, they love going to school and settled in really well.
47	anonymous	I would recommend Stuart road primary to people because it's got a good standard of education
48	anonymous	Friendly and welcoming school with a community feel. Staff always greet parent and children in the morning with a smile on their face.
49	anonymous	Better communication
50	anonymous	Nice atmosphere, my kids love the school.

#### 14. What do you think would improve Stuart Road further?

1	Charlotte Kelly	Grass.
2	anonymous	Bullying policy could be a bit better
3	anonymous	Communication from the school office is sometimes flawed which gives a bad impression of the management of the school.
4	anonymous	Communication aimed at accurate year parents instead of blanket emails.
5	anonymous	Think Stuart road is a good school nice teachers friendly reception staff overall lovely school
6	anonymous	Taking children on scientific trips to see animals, for example, teaching them to write and read better
7	anonymous	Perhaps more additional eaching support
8	anonymous	Being able to feel you can talk to someone without it be patronising
9	anonymous	The road around the school at pick up time is often mayhem mainly due to parents parking in areas that they shouldn't be and making it less safe for children exiting the school.
10	anonymous	More range of after school clubs
11	anonymous	Nothing
12	anonymous	Less mufti

13	anonymous	Reception children learning more through play particularly outdoors.
14	anonymous	Communication could be better.
15	anonymous	Better communication and when supply teachers are in to have a member of staff present that knows the parents so they are picked up by correct adults
16	anonymous	More help in classrooms for those with extra needs
17	anonymous	More updates regarding how our children are doing, rather than just parent's evenings. As we assume they are doing well since we don't hear anything about it.
18	anonymous	Better feedback to parents, gardening club, forest school sessions, cheaper school trips
19	anonymous	Communication between staff and office.
20	anonymous	If I had to comment on anything I would say communication. Needs to be more transparent.
21	anonymous	Minor repairs/improvements and some modernising. Perhaps a bit more clarity into what homework is key in the younger year groups as there are a lot of different programs (and log-ins) to juggle.
22	anonymous	The school should be stricter on bullies. More homework should be set including reading books for all children. Teaching needs to be improved, my child know less maths now than when he did during lockdown which is pretty staggering.

23	anonymous	The road outside gate 1 being parked on etc.
24	anonymous	My child says 'nothing'
25	anonymous	After school sport clubs. Music lessons
26	anonymous	Nothing for now.
27	anonymous	I would like to have live communication with the teacher and parents of the children in our class. If my son has forgotten something or needs information from me, or if the teacher wants to give advice to the parents, it would be good to have a WhatsApp message group. We don't have any pictures at all from school from parties and lessons. It would also be great if there were more sports activities after school. We have one free sports club, thanks for that. Thank you very much. This school has the best principal and all the staff. A special thank you to our teachers.
28	anonymous	Maybe some more work on IT and specifically e-safety with students and parents. However I am aware this is a society issue!
29	anonymous	I would like to see an 11+ after school tuition.
30	anonymous	Nothing
31	anonymous	N.A
32	anonymous	No idea

33	anonymous	Sometimes it feels like not much consideration is given to families where both parents work 9-5 in terms of meetings etc. Whilst the need for teacher work life balance is understood, we often cannot attend information sessions.
34	anonymous	Nothing
35	anonymous	More playground equipment and after school clubs.
36	anonymous	Back gate entrance
37	anonymous	More grounds for children to have space to play and sporting activities. Sports day to allow access to be able to watch the full event
38	anonymous	Dealing with situations faster
39	anonymous	Re decorating and sight updating of utilities
40	anonymous	More communication and feedback between parents and teachers
41	anonymous	Don't no
42	anonymous	More use of Victoria park, messy play, mud kitchen, forest school type learning
43	anonymous	Better cover for absent teachers, maybe reach could have a bank of good recognised supply teachers or more HTAs who could step in.
44	anonymous	My child would like more clubs and activities in extra curricular time but we understand if that's not possible to staff commitments
45	anonymous	By not being biased towards colour or nationality of individuals

46	anonymous	Create a single source communication rather than text and email.
47	anonymous	Some info is in text, some email, some Facebook and some on monthly newsletter. It's difficult and confusing sometimes to keep up
48	anonymous	Better communication about the year 3 teacher absences would have been nice and appreciated.
49	anonymous	SR is fabulous but there should be a bit more continuity when a supply teacher is long term...ie ensuring they are still looking over My Maths etc,giving out reading books and choosing children to be nominate for writer of the week/HT award etc.

15. Is there anything about the school that you think we should know?

ID ↑	Name	Responses
1	Charlotte Kelly	No
2	anonymous	No I don't think so.
3	anonymous	No
4	anonymous	No thank you
5	anonymous	No
6	anonymous	No
7	anonymous	No
8	anonymous	No
9	anonymous	Better comms required for teacher absence Year 3. Not had a proper assessment of child's reading since year 2 and the books she is bringing home are not appropriate for her reading ability (too easy.)
10	anonymous	No
11	anonymous	No
12	anonymous	Not paying close attention to games the children are playing
13	anonymous	Nothing comes to mind.

14	anonymous	Nothing springs to mind currently.
15	anonymous	Better communication. To many emails are being sent out about footpaths being closed off, movie nights, or cake sales. Yet something of importance like a parents evening does not get through by email, text, or even newsletter. I felt this school was very good when my child started, I realise there has been a change in head and a number of good teachers have left but it really has to try and improve.
16	anonymous	The parking/ unauthorised parking outside continues to be a problem, with quite a number of parents believing their needs are superior to those who go out of their way to either walk or to park up safely on nearby streets. Please update us on the outcomes of the traffic free street experiment that happened earlier in the year, and kindly let us know what the next steps are regarding this. It can still feel unsafe sometimes, when you have to cross in front of or behind cars with engines running. Also Stuart Road could benefit massively from a central refuge as families are currently forced to cross between parked cars. Whilst they are about it a flashing LED sign or 2 and a 20 mph speed limit wouldn't go amiss , to ensure the safety of our children.
17	anonymous	Nothing for now.
18	anonymous	Thank you for everything you do. Your care, professionalism and support is greatly appreciated. Thank you!
19	anonymous	We are not happy with 2 different teachers, in his class.
20	anonymous	No
21	anonymous	N.A

22	anonymous	Noap
23	anonymous	Pete, your site manager is a fantastic part of your team interns of parent PR. Always ready with a smile and a joke. My children adore him and he probably doesn't get told enough.
